

ADDENDUM TO
REQUEST FOR PROPOSALS
FOR

FOR CONSTRUCTION, OPERATION & MAINTENANCE OF
RENEWABLE ENERGY FACILITIES

Large Scale Ground Mounted Solar Photovoltaic Installation

Town Administrator/Chief Procurement Officer
Town Administrator
Easton Town Offices
136 Elm Street
No. Easton, MA 02356

The Town of Easton is hereby amending the RFP noted above by making the following changes thereto:

1.1 Notice

Omit the second paragraph and replace it with the following:

The Request for Proposals is available via email from the Office of the Town Administrator / Chief Procurement Officer, David Colton. To be considered, proposals must be received before 4:30 PM on October 31, 2011. The proposals will be opened on November 2, 2011, at 10:00 a.m. in the Easton Town Offices, Board of Selectmen Meeting Room and a Register of Proposals will be prepared. The Town of Easton reserves the right to reject any or all proposals. MGL Chapter 25A shall govern all procedures related to energy management services and the lease of the real property, as applicable.

The Town of Easton hereby provides the following additional information to bidders.

At a site visit held on September 19, 2011, the following questions were raised. Below are the questions and the answers:

1. In section 1.19 Evaluation Criteria, item d, you are requiring DCAM Certificates of Eligibility and Update Statements from bidders – are you requiring a specific DCAM certification such as Electrical?

Answer: The Town is requiring General DCAM Certifications and Update Statements.

2. Can the town set a budget item for Interconnection of \$200,000 so as to establish a level playing field for all bidders on an item that is nearly impossible to accurately estimate ahead of time?

Answer: The Town cannot set a budget or even an estimate for the cost of interconnection. The cost of interconnection is based on a number of variables, not within the Town's control, and is ultimately set by the energy distributor.

3. Could the Town please provide the landfill as-builts for review?

Answer: Landfill As-Built Plans are now available by contacting:

Brad Washburn at 508.230.0643 or bwashburn@easton.ma.us
