

## FEEE seeks members

Easton, MA — May 5, 2010 — The Foundation for Excellence in Education in Easton (FEEE) is seeking members to assist in fundraising efforts to enhance the educational experience for Easton students.

FEEE has raised more than \$1 million in its 20-year history. Over the years, the money raised has allowed the Easton schools to acquire state-of-the-art technology not funded in school budgets, as well as provided a flow of grants for innovative educational programs.

If you can dedicate the time and effort, please consider joining the FEEE Board, which currently has several open positions. FEEE is hoping to add parents of K-2 students to the board this year, but parents of all age groups are welcome. You can also become an associate member if time constraints prevent you from seeking a position on the board.

If you're interested in helping support the Easton schools as a board member or associate member, please send an email to [jmorley@bankofeaston.com](mailto:jmorley@bankofeaston.com). For more information on FEEE, visit [www.feeonline.org](http://www.feeonline.org) or call 508-230-3200 x408.
