Re: **REVISED----- Notification of mosquito adulticide applications**

The following is a public notification of mosquito adulticide applications. The purpose of our adulticiding program is to control nuisance and/or disease carrying adult mosquitoes. Our adult program will begin on June 1, 2010 **weather permitting**.

The adulticide being used will be Anvil 10+10 (Sumithrin, EPA Reg. #1021-1688-8329) applied in ultra low volume sprayers at a rate of 0.0036 lbs A.I./Acre or less.

The following number: 1-617-582-6218 is furnished, on a 24-hour basis from June 1 through October 31, to allow residents access to schedules and locations of adulticiding a day in advance of the applications. I want to emphasize that this number will not be used to request spraying.

Our office will be open Monday-Friday between the hours of 8:00 a.m. to 3:00 p.m. to make spray requests and to obtain further information. Residential requests can be made by calling our office at 508-823-5253. We can also be reached via fax, 24 hours a day, at 508-828-1868 and by email: RequestBristolMCP@comcast.net All requests must include home owners name and full address including city or town and zip code.

As always, if you have any questions, please feel free to contact us.
