Dear Pat:

Subject: Correction to CPA Proposal Application Form – Joe Povoas

This letter is intended to correct a misstatement in the Community Support section of Mr. Povoas' CPA Proposal Application for his proposed project, named Povoas Park, which he would like to see constructed at the corner of Bridge and Center Streets.

The Easton Garden Club is named as a Community Organization in support of this project. I have personally met with Mr. Povoas on two occasions and have stated unequivocally that the Easton Garden Club cannot and will not support this project, financially or otherwise.

Please accept this letter as a final written statement from The Easton Garden Club and remove our name as a supportive agency.

Thank you

Leslie Mullen, President  
Easton Garden Club
