

Scheduled Construction Activities for the Week of August 12, 2019

During the week of August 12, 2019, C. Naughton Corp is tentatively scheduled to perform the following construction activities:

- Water main installation will continue to progress eastward on Foundry Street toward Poquanticut Avenue.
- Construction crews will perform stream crossing operations to facilitate the installation of water main, sewer piping, as well as the installation of associated structures in the shoulder area on the south side of Foundry Street.
 - **As the construction crews transition to the north side of Foundry Street to conduct stream crossing operations, westbound vehicle traffic will be directed to travel on the south side of the road through the work zone. The travel lane will be shifted back to the north side of the road prior to reaching the traffic signals located at the Robert Drive/Foundry Street intersection.**
- Crews will also focus on general site housekeeping and maintenance; weather permitting, trench restoration activities may occur during the week.

The Foundry Street detour is operational and will remain in place 24 hours a day, 7 days per week until the winter months when it will be deactivated. It may be necessary to reactivate the detour in the spring of 2020 for roadway restoration activities. Traffic monitoring will continue throughout the project, and adjustments will be made as necessary.

Construction activities will be performed Monday through Friday between the

hours of 7:00 a.m. and 4:00 p.m. Please plan ahead for travel and expect delays. The Town of Easton appreciates your patience during this construction project and reminds everyone to please drive safely.

Sewer Service Information Form

The [sewer service information form](#), is available on the fivecornerssewer.com website. This form is necessary to allow your sewer service pipe to be installed at the correct location along your property line. You can email the completed form direct to Chris Munroe at MunroeC@peerpc.com. If you have any questions, or need assistance in filling out the form, please do not hesitate to contact Chris at **(802) 598-1155**.

During construction, the Project Site Representative, Chris, may request access to your home to help locate your existing sewer line / septic pipe. His photo is displayed for safety reasons. We do not recommend letting anyone into your home unless you've verified who they are.

Twenty-Four Hours A Day, Seven Days A Week

Our Team is available to you twenty-four hours a day, seven days a week. Should you have any questions or concerns about this project, you may email us at fivecorners@easton.ma.us or call us at **(888) 527-6797**.
